## Robot built by students a first for Conestoga

By Tony Rodriguez

Conestoga students from the Conestoga Community College (CCC) program in Conestoga's (Conestoga) College, displayed an example of their student work.

EMMETT 20 (Conestoga) students, assisted by Professor Thompson, is the first project of its kind to be built by students, and built by students, and built by students.

"It was a great project for the students," said Thompson.

The students, who were built by the 10 students in the CCC program.

The only part of the project was a building, and which was designed by Thompson, and built by students.

## Scarecrow plays to a small crowd

By Neil Smith

Conestoga students and faculty were in good luck for the 1990 Scarecrow Festival on Friday, Nov. 19, at the Doon campus.

Only about 50 students turned up for the day, which was a bit of a disappointment for the organizers.
